Message From Management's Desk

"Orelia Group" one of the most dynamic, prolific, result, oriented, progressive and quality conscious group is catering to the needs of the prestigious customers like you in the international market for more than the last 3 decades. All our quality utilized tractor parts, are checked, cleaned and repaired as important to ensure every part sold is prepared for use. We will likely give remarkable quality and amount to our clients.

QUALITY POLICY

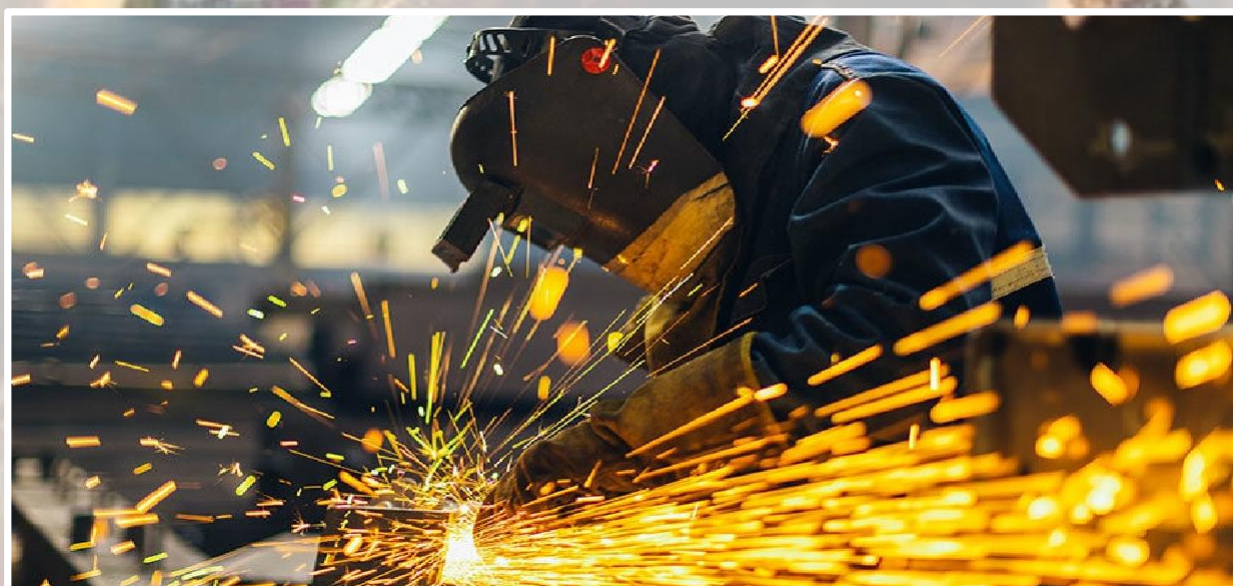

All the Tractor Parts manufactured in our unit pass under internationally recognized quality standards.

With importance to creativity and innovation, offering services of the highest standard is our prime priority. Our quality control experts ensure that our manufactured implements are thoroughly tested.

Spread over an area of 41,480 square meters, our manufacturing unit is equipped with the most advanced equipment in the country, enabling production of a wide range of agriculture implements. Our production line has the finest quality machines such as a fiber CNC laser cutting machine, a CNC plasma cutting machine, a hydraulic press brake for shearing and bending, a hydraulic power press, a radial drilling machine, EOT cranes and forklifts for material handling, a grinder-polisher, and a sandblasting machine for surface treatment. The facility is also equipped with various MIG sets and robotic-controlled dual auto spot welding machine for welding.

The outcome from such capable production lines is agriculture implements of the highest standard. All-in-all, it is the dedication and hard work of our employees as a team that describes the reason behind our success.

OUR INFRASTRUCTURE COMPRISES:

State-of-the-art facility equipped with advanced tools and machinery.

World-class manufacturing and fabrication lines.

In-house manufacturing of all agriculture implements and related components.

Sharp focus on maintaining high safety standards for all employees.

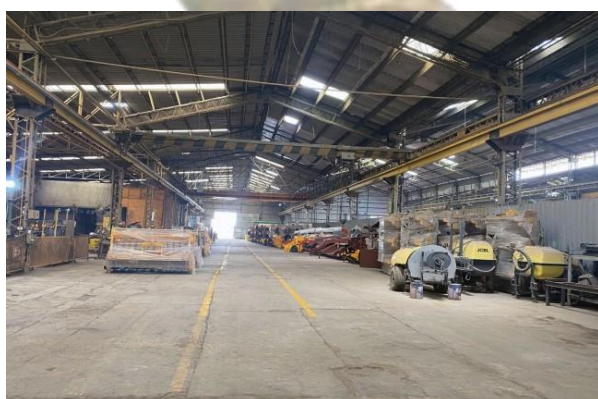

Department of Scientific and Industrial Research (DSIR) in-house research and development wing.

End-to-end solutions starting from product design to manufacturing to final delivery.

Huge production capacity ensuring bulk and faster manufacturing of products.

INFRASTRUCTURE

Why Choose Us?

- Sprawling manufacturing area spread over 41,480 Sq. mts enabling faster and on time product deliveries.
- Leveraging on vast experience of parent company in manufacturing diverse range of products.
- World Wide Customer network
- ISO Certified and Export House approved by Government of India.
- Implements with highest quality and safety standards.
- Environment friendly, cost and fuel saving.

OUR PHILOSOPHY

Bringing innovation in agriculture and making it more economical and prosperous by manufacturing high-quality agricultural & Machinery Spare Parts, Trailer Spare Parts & Customized Products.

OUR MISSION

To emerge as a preferred solution provider for quality products with a team of dedicated professionals and business associates who are ethical, value driven and create excellent customer relationships.

OUR VISION

"Our teams are passionate about finding a "better way". Their design and production standards are acknowledged by customers as "world's best" and delivery experience. Our team is training staff and customers in applying techniques to help make them best prepared for change and best equipped to manage it.

OUR TEAM

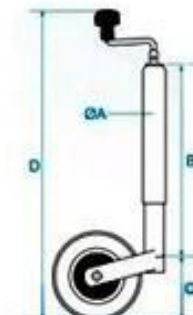

We have appointed a team of diligent and adroit professionals, which is able to execute every assigned task proficiently. They have specialization in the concerned area of work that enables us to work as per the specified requirements of our honored customers.
